An old favorite... improved! Atomic Wave **Glow Bands** come in twelve chill designs for people to wear at parties, clubs, or wherever a little illumination is appropriate.

Simple operation – press the atomic logo design to illuminate, press again to turn off.

LunarKitty

Vertigo

Posey

Time Machine

Summersault

Ripple

Passion Punch

Bubble Wrap

Tribal Rage

Dragon Blue

Lava Lamp

Traffic Jam

Light it up with Atomic Wave **Watches!** You'll buy them for the twelve groovy styles, but like everything else Atomic, these watches really stand out in the dark as sequenced animations light up the graphic design on the watch face.

Simple operation – press the top button for several seconds of illumination or pull the lower button to activate the motion sensitive constant glow option.

Kiss Me

Passion Punch

Hot Stuff

LunarKitty

Space Jock

Potion

Just what the world needs... another reason to stop traffic! Atomic Wave **Beaded Necklaces** and **Belly Chains** look amazing any time of the day, but they really shine at night as Glowtronix fibers flash a bright light through the open cut beads. Available in Blue, Lime, and Purple.

Simple operation – press the integrated atomic reactor button to turn on, press again to turn off.

Belly Chain Blue

Belly Chain Lime Green

Belly Chain Purple

Serpent Necklace Blue

Serpent Necklace Lime Green

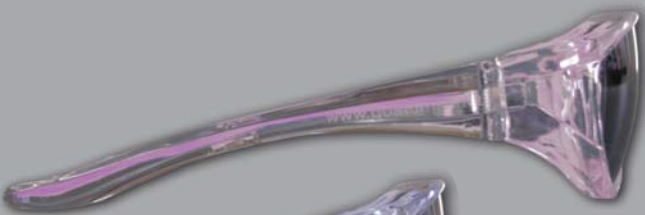

Serpent Necklace Purple

Just because Atomic Wave **Sunglasses** look like regular sunglasses doesn't mean they have to act like them. Glowtronix fibers inside the frames illuminate with a steady or phased glow that you'd never find in a pair of boring "normal" sunglasses. Several colors to choose from.

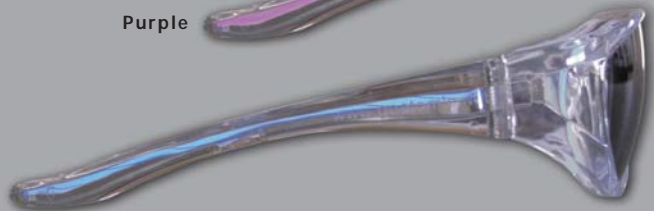

Simple operation – power module has three-way on / off / phased switch. 2 AA batteries included.

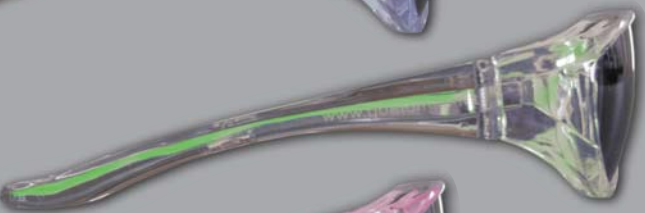

Purple

Blue

Lime

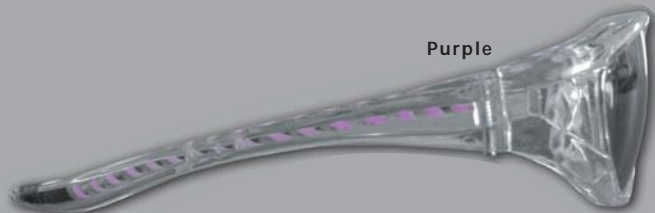

Pink

LunarKitty

Summersault

Dragon Blue

Pirouette

There are thousands of accidents every year involving dogs and moving vehicles. It's no secret that walking your black lab Midnight on a moonless summer night is about as safe as playing with rusty hedge clippers. What good is a dog collar if all it does is hold their tags and a leash? What you need is a light

that moves with you and your dog. That's where **Atomic Pet Leashes, Collars and Tags** come in. Our glowing pet accessories will keep you and your pet safe and stylish (after all, they are from Atomic). Bow wow WOW! Visit www.atomicpet.net
